

Biotechnology/Bioservices Center
Nuclear Magnetic Resonance Facility
Budget Certification Form for Recharge Rates

The University of Connecticut's Biotechnology/Bioservices Center (BBC) is a multidisciplinary center with a mission to facilitate research productivity in the biological sciences and related disciplines. This is accomplished by providing specialized services and expertise through a number of core facilities. These facilities are operated by faculty experts and supervised by facility scientists who provide consultation and access to state-of-the-art equipment, reagents, and technologies. Facility rates and their effective dates appear below for the *Nuclear Magnetic Resonance Facility*. They are based on an internal audit of costs, which are reviewed biennially.

Philip I. Marcus, Director

The *Nuclear Magnetic Resonance Facility* has been designated a facility within the Biotechnology/Bioservices Center at the University of Connecticut in compliance with the University's Cost Accounting Disclosure Statement. The following budget certification is submitted to:

Agency/Department

Direct costs and internal service center overhead, standardized for a Center such as the BBC, have been included in determining applicable use rates, which serve to recover part of the cost of carrying out the proposed research program.
